

Technical Data Sheet

Product: Glassbeads

Type of glass: Borosilicate

Grade: LAB20

Testing Items	Control Standard	Test Method
Appearance	White and Good fluidity	Powder flow test
Moisture Content (%)	≤ 0.50	Moisture Meter
Particle Size (Typical Value) (μm)	D90: 20	Laser particle size analyzer
	D50: 12	
Specific Gravity(cm^3)	2.60 ± 0.1	True density detector
pH	8~9.5	pH Tester

Products should be stored in a dry and ventilated environment. Packagings are available in 25kg paper bags or cartons.
